

CAN-AM CASE STUDY 2024

Houston, TX

THE BUSINESS

Founded in 1995, Emergency Services District 17 (ESD 17) in Harris County is a leader in emergency response. With a dedicated team and advanced vehicles, ESD 17 ensures community safety through rapid and efficient services, making them a trusted name in Harris County.

"Thanks to CAN-AM Telematics, our fleet of fire vehicles has reached a new level of efficiency and safety. The advanced technology they offer allows us to respond faster to emergencies and keep our team safe at all times."

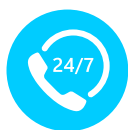

James Cone
Fire Chief

CHALLENGES

Emergency Services District 17 faces the challenge of maintaining a rapid response time while ensuring personnel safety and proper vehicle maintenance. The need to efficiently manage a fleet of fire vehicles in demanding, high-pressure conditions is crucial to its daily operation.

SOLUTIONS

The solution provided by CAN-AM Telematics has been instrumental in addressing these issues. The addition of GO9, VisionTrack and Whiparound has enabled more efficient and safer fleet management. GO9 provides real-time data on vehicle location and performance, VisionTrack provides video monitoring to improve staff safety, and Whiparound facilitates preventive maintenance and regular inspections, ensuring that vehicles are always in top condition.
